

Worth it?

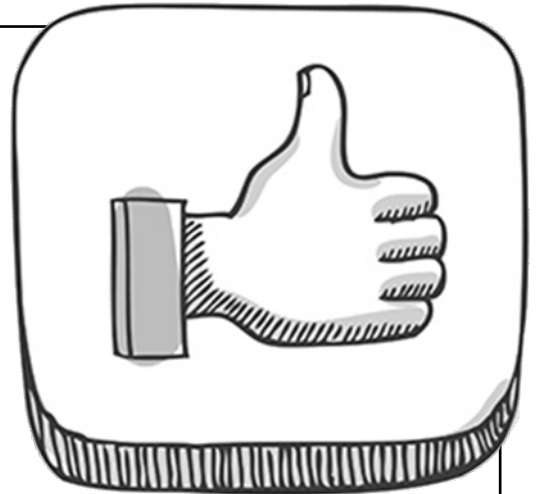

You may have heard people say *'what is the point of school?' 'My parents never went to school but it didn't do them any harm'* etc.

So what are the benefits of going to school? What are the cons/ negatives of going to school?

What are the hardest things about school for you?
This can include things before & after school.

What are some good things about school for you?
This can include things before & after school.

Missing 17 school days in a year can result in one GCSE grade drop.
